

CLIMBING - NATURALLY NATURE-COMPATIBLE!

# CLIMBING REGULATIONS

## HALLELUJA STEINBRUCH

IG-Halleluja-Steinbruch

WELCOME TO THE  
**CLIMBING AREA**  
**HALLELUJA**  
**STEINBRUCH**

### Path commandment

Please stay on the paths and take only the usual access paths to the climbing rocks. This way you protect the native plants

### Parking

Please use only the designated parking spaces for parking: In front of the barrier to „Haus Salem“ or (with a little further walking) the hikers' parking lot at Habichtshöhe.

### Zoning

Climbing and bouldering is allowed within the designated zoning. The areas marked with a cross are off limits. Please respect these protected areas.

- Restricted
- Access to the climbing crags
- ☐ Zone 1: Year-round restricted area > climbing is prohibited
- ☐ Zone 2: Climbing is allowed only on existing routes
- ☒ Zone 3: New routes outside of vegetation zones is allowed

### Clifftops

The closed zones include the entire upper edge of the quarry. The edge is dangerously fragile and a sensitive ecosystem. Therefore, please do not climb over the fence and set up your routes only from the bottom.

### Belay bolts

Please always set up your routes from the bottom and only use the belay bolt with your own material for redirecting. The upper quarry edge is closed.

### Fire & camping

Open fire and camping is forbidden in the whole area.

### Garbage

Please take your garbage with you! Yes, also the cigarette stubs... ;-)  
Do not throw glass bottles around. Children, adults and animals can get hurt by the broken glass.

### Hammering & scratching

Yes, this was a quarry.... now it is a climbing area! Please respect the routes and boulders of the first climbers and do not hammer or scratch any new holds, footholds or „works of art“. Of course, this also applies to children: no chisels, hammers or the like in the entire quarry.

### Climbing

only for trained persons and at your own risk!  
Courses outside the IG-Halleluja-Steinbruch only after prior request to the DAV-Bielefeld.

#### FOR ALL WHO WANT TO TRY CLIMBING:

Introductory and advanced courses in climbing and bouldering are available at: **DAV alpinzentrum Bielefeld**  
Meisenstraße 65a · 33607 Bielefeld  
info@alpinzentrum-bielefeld.de  
www.alpinzentrum-bielefeld.de

#### Please note current climbing regulations

Please inform yourself in time about the current regulations.  
www.alpenverein-bielefeld.de/halleluja-steinbruch

#### Arrive environmentally friendly

Why don't you come by public transport or form car pools?  
This way you save the environment.

#### Breeding times

Currently there are no closing times (climbing is possible all year round): While protected bird species are breeding and raising their young, a temporary closure can be imposed.  
Info at: www.alpenverein-bielefeld.de/halleluja-steinbruch

#### Coordination of rebolting and developments

Area stewardship of the Halleluja Quarry is the responsibility of DAV Bielefeld (www.alpenverein-bielefeld.de), which coordinates remediation and development. Let us know if you discover loose bolts or brittle areas in the quarry: info@alpenverein-bielefeld.de.

#### NATURE CONSERVATION IS A CONTRIBUTION TO PRESERVE OUR CLIMBING AREAS.

Detailed information about this:

### Notruf ☎ 112 Emergency ☎ 112

**Standort Halleluja-Steinbruch:**  
Zwischen den Notruf-Schildern M10-1 und M10-2  
**Location Halleluja-Steinbruch:**  
Between the emergency signs M10-1 and M10-2
